Slaughterhouse properties attached in Karnataka

BENGALURU: The Dakshina Kannada district administration on Thursday started the process of attaching the property of the slaughterhouses in connection with illegal cow slaughtering in the region.

C Madana Mohan, assistant commissioner of Mangaluru subdivision and subdivisional magistrate, issued an order for the attachment of properties for carrying out illegal cow slaughtering.

The four properties of slaughterhouses in Adyapaadi near Adkur, Bajal Pakaladka, Jalligudde and Kattapuni have been attached following the order.

Jurisdictional Kankanady police have been directed to get the valuation of properties and vehicles done from the concerned authorities and submit the approximate value of the property to the court.

The concerned tehsildar was also given directions to record the process of attachment in the property documents.

The action had been taken following the lodging of cases under the Karnataka Prevention of Slaughter and Preservation of Cattle Bill, 2020.

The case was registered at Kankanady police station under column 8 (4) and 8 (5) for illegal cow slaughtering.

The controversial bill, popularly known as the Anti- Cow Slaughter Bill, was enacted by the ruling BJP government and prohibits illegal cow slaughtering.

The Bill also prescribes stringent punishment for illegal transportation and slaughtering of cows in the state. Further investigations are on. *–IANS*

IIT-Madras enables crowdsourcing to track waterlogging in Chennai

CHENNAI: IIT-Madras has enabled a crowdsourcing method to track waterlogging in Chennai through WhatsApp and website to enable the residents share information and photographs of affected areas, the institute said on Thursday.

The institute, which is collaborating with Greater Chennai Corporation, PWD, and other departments on the initiative, said this year, the faculty of IIT-Madras and its students have enabled the update to be shared in English and Tamil through WhatsApp.

Users can report the flooded location and water depth, as well as add photos of inundated sites with a description across Chennai.

Prof Balaji Narasimhan, department of civil engineering, IIT Madras, who leads the team in implementing the project, said the initiative is aimed at developing a repository of flooding, waterlogging information. *–PTI*
